

Webinar: Excel's Formulas and Functions

<https://www.youtube.com/watch?v=PNX7NS7cYUI>

In this webinar Sandy Rylander walks us through the basics of what Excel's Formulas and Functions are and how to get the most out of using them. We start at the ground level of what a formula is and how to add two cells together and build on that until we are using a variety of simple formula and functions. If you haven't used them in Excel before this is the video to get you started.

If you feel you already have a good grasp on this information presented here or would like to continue learning about Excel check out our video on Excel Tables.
