

Technology Initiative Grant Data

LSNTAP has partnered with LSC to provide information on recent successful projects undertaken through funds provided by grants under the Technology Initiative Grant (TIG) and Technology Improvement Project (TIP) program.

The data can be filtered and sorted using the tools below. It may be helpful to expand the table using the "View Larger Version" icon at the bottom of the Airtable display. If you need assistance using the Airtable tools, there is a link to step by step directions at the bottom of the page.
