With limited staffing resources available, supervisors often are overseeing the case work of a high number of attorneys while managing their own caseloads. Supervisors are able to leverage case-related data and technology to ensure the attorneys they supervise are serving their clients in the most efficient and effective manner. This webinar explores some of the strategies used by the legal services community that utilize technology to enhance supervision within their organizations.

## Speakers:

Darius Lind Attorney, Business/Technology Consultant with [Just-Tech](#)
