Join us as we introduce an innovative young entrepreneur who is developing a new case management system tailored for the legal aid community. This creator is eager to share their approach, gather insights, and learn from the experiences of legal professionals, tech experts, and advocates working in the field. Attendees will see a demo and have the chance to ask questions, provide feedback, and influence the development of a system designed to meet the unique challenges of legal services organizations. Don't miss this chance to connect, collaborate, and contribute to the future of case management technology!

This event will be held on February 26 at 3:30 pm EST.
